

## **Admincontrol and Dealsuite announce strategic partnership**

**(Amsterdam 3rd Dec. 2020) Admincontrol and Dealsuite are pleased to announce they have entered a global strategic partnership, combining Dealsuite`s leading M&A platform with Admincontrol`s world class virtual data room solution.**

Admincontrol, the Nordic market leading provider of Virtual Data Rooms and part of the Visma Group, opened their Dutch office in March 2020. Now the Norwegian company has entered a global strategic partnership with Dealsuite to further strengthen their presence in Europe.

Dealsuite is Europe`s leading M&A community for dealmakers: M&A advisors, PE firms and corporates. These M&A professionals use the powerful business tool Dealsuite.com to find new (proprietary) deal opportunities. Dealsuite specializes in the middle market (dealsizes 1 to 200 mio) and is active in 46 countries.

Admincontrol`s Managing Director, Møyfrid Øygard, is excited about the new partnership.

"We are very pleased to enter a partnership with Dealsuite which is a fast growing company adding great value to M&A professionals. Our companies` cultures represent a good fit, which means a lot for the success of the partnership. Going forward, we will utilise our combined resources and we anticipate strong increased customer value. We are very much looking forward to entering a new year together," she said.

CEO at Dealsuite, Floyd Plettenberg, is seeing great benefits for the members of Dealsuite.

"M&A professionals find deal partners and deal opportunities via Dealsuite. Their next step is opening a data room, which can now be done directly via Dealsuite. We have selected Admincontrol as our partner because their data room is of high quality and easy to use. Due to the size of the Dealsuite network, we can offer the data rooms to our members for unrivalled prices not available elsewhere in the market," he said.
